 Now my | arms feel so | empty as I **C7** gaze around the **A7** floor
 And I'll **F** keep on changing **C** partners, till I **G7** hold you once **C** more
 Though we **C** danced for one | moment and too **C7** soon we had to **F** part
 In that **Dm** wonderful **G7** moment somethin' **C↓** hap **C↓**pened **G7↓** to my **C**
 heart
 So, I'll | keep changing | partners, till you're **C7** in my arms and **A7** then
 Oh my **F** darlin', I will **C** never change **G7** partners a **C**gain
